

HYDRAULIC TRAINER KIT

Hydraulic Trainer Kit (Basic / Electro-Hydraulic / PLC Based)

PROCESS DESCRIPTION:

Components:

1. Double Acting Cylinder.
2. 4/2 Way Directional Control Valve (Spring return).
3. 4/3 Way Directional Control Valve.
4. Branch Tee.
5. Check Valves.
6. Flow Control Valve.
7. Pressure Line Manifold.
8. PO Check Valve
9. Pressure Relief Valve
10. Pressure Gauge
11. Pulley arrangement (Suitable to load)

Power Pack Specification:

1. Pump
2. Motor
3. Oil Tank
4. Pressure Relief Valve
5. Suction Filter
6. Pressure Gauge
7. Oil Level Indicator
8. Pressure Relief Valve
